

# CONTROLOMATIC

## Automated Pool & Spa Solutions

### *Tools For Pool Management & CA Title 22 Compliance*

ControlOMatic has been working hard to help pool owners and operators become Title 22 Compliant. In contacting various health departments, we have found various requirements when using an automatic chemical monitoring and control system so we have added features to the MiniWarden and PoolWarden controllers to satisfy these different requirements.

#### *Feature*

Feature	MiniWarden	PoolWarden
NSF 50 Certified	✓	✓
Easy Access Quick Menus For Calibration, Manual Measurements, Service, Mix Time	✓	✓
Measures ORP, pH, Temperature & FREE Chlorine (requires TrueDPD Sensor)	✓	✓
